Budget — buying it

Vehicle price	$4,500.00

Vehicle license fee (0.65% of price)	$29.25
Registration + CHP fee	$108.00

California taxes the full price — a trade-in does not reduce sales tax. DMV fees are estimates; the CA DMV fee calculator gives exact amounts.

Budget — paying for it

Down payment	$5,000.00
Amount financed	$100.50
Monthly loan payment (60 mo @ 7.5% APR)	$2.01
Total interest over the loan	$20.33

Budget — owning it each month

Loan payment	$2.01

Fuel (1,000 mi/mo @ 31 MPG, $4.75/gal)	$153.23
Maintenance & repair reserve	$150.00
Registration renewal (÷12)	$14.94
Total per month	$455.18

Running costs without the loan: **$453/mo**. Estimated first-year cost of ownership: **$10,695** (out-the-door + inspection + 12 months of running costs + loan interest).

The repair reserve is set from the reliability rating and mileage: money to set aside, not a forecast.

Insurance

Coverage	Typical Ridgecrest range	Estimate used
Liability only (CA minimum 30/60/15)	$49–$112/mo	$70/mo
Full coverage (liability + collision + comprehensive)	$94–$243/mo	$135/mo

The budget above uses the **full coverage** estimate ($135/mo). Get real quotes and enter one in the app to replace it.

• Vehicle class: typical car. Estimates assume an adult driver with a clean record; age, record, credit, and coverage limits change the price a lot.

• Ridgecrest is one of the cheapest places in California to insure a car (about $107–110/mo average).

• A lender will require full coverage. On an older, cheap car paid in cash, liability-only can make sense — but you'd pay for your own repairs after an at-fault accident.

• California's minimum (30/60/15) is low; $100k/$300k/$100k liability is commonly recommended.

• Ask about military/government discounts (NAWS China Lake), bundling, and low-mileage discounts.

Reliability

Rating: Average (3/5)

The 2012-17 Rio (1.6L GDI, 6-speed automatic) is an average-to-good small car: simple, cheap parts, not part of the Hyundai/Kia Theta II engine recalls. High miles mean maintenance history matters.

NHTSA data for this model year: 1 recalls · 153 owner complaints (8 involving a crash). Most complaints: Engine (53), Air Bags (34), Service Brakes (30), Electrical System (27), Hydraulic (21), Unknown Or Other (19).

Known issues for this model

• Carbon buildup on direct-injected 1.6L (rough idle, misfires at high miles)

• Oil consumption if oil changes were stretched

• Brake light switch (recall)

• A/C condenser / compressor wear

Check on this car before buying

• Smooth idle, no check-engine light (scan for stored codes)

• Oil level and color

• Run VIN for open recalls

• A/C cold

• Shifts smoothly 1-6 with no flare
