Out-the-door price	Monthly cost to own	Reliability
$6,782	**$614**	**Below average**
Set a budget in the Cost Calculator tab to compare.	loan + insurance + fuel + repairs + registration	2/5 · 1 recalls · 13 NHTSA complaints

Budget — buying it

Vehicle price	$6,000.00
Use tax (9.25%) — paid at DMV	$555.00
Vehicle license fee (0.65% of price)	$39.00
Registration + CHP fee	$108.00
Transportation improvement fee	$65.00
Title transfer	$15.00
Total out-the-door	$6,782.00
+ Pre-purchase inspection (you pay the shop)	$150.00

California taxes the full price — a trade-in does not reduce sales tax. DMV fees are estimates; the CA DMV fee calculator gives exact amounts.

Budget — paying for it

Down payment	$5,000.00
Amount financed	$1,782.00
Monthly loan payment (60 mo @ 7.5% APR)	$35.71
Total interest over the loan	$360.46
Cash needed up front (down payment + inspection)	$5,150.00

Budget — owning it each month

Loan payment	$35.71
Insurance (estimate, full)	$176.00
Fuel (1,000 mi/mo @ 23 MPG, $4.75/gal)	$206.52
Maintenance & repair reserve	$180.00
Registration renewal (÷12)	$15.75
Total per month	$613.98

Running costs without the loan: **$578/mo**. Estimated first-year cost of ownership: **$13,995** (out-the-door + inspection + 12 months of running costs + loan interest).

The repair reserve is set from the reliability rating and mileage: money to set aside, not a forecast.

Insurance

Coverage	Typical Ridgecrest range	Estimate used
Liability only (CA minimum 30/60/15)	$64–$146/mo	$91/mo
Full coverage (liability + collision + comprehensive)	$123–$317/mo	$176/mo

The budget above uses the **full coverage** estimate ($176/mo). Get real quotes and enter one in the app to replace it.

• Vehicle class: luxury brand (pricier parts). Estimates assume an adult driver with a clean record; age, record, credit, and coverage limits change the price a lot.

• Ridgecrest is one of the cheapest places in California to insure a car (about $107–110/mo average).

• A lender will require full coverage. On an older, cheap car paid in cash, liability-only can make sense — but you'd pay for your own repairs after an at-fault accident.

• California's minimum (30/60/15) is low; $100k/$300k/$100k liability is commonly recommended.

• Ask about military/government discounts (NAWS China Lake), bundling, and low-mileage discounts.

Reliability

Rating: Below average (2/5)

Below average - not because it's unsafe, but because repairs are expensive. 2013 is considered one of the weaker allroad years. Few NHTSA complaints (13), but the 2.0T EA888 engine has well-known costly failure points around 90k+ miles.

NHTSA data for this model year: 1 recalls · 13 owner complaints. Most complaints: Steering (7), Engine (3), Electrical System (1), Fuel/Propulsion System (1), Suspension (1), Visibility (1).

Known issues for this model

• Oil consumption (EA888 2.0T) - Audi warranty extension existed

• Timing chain tensioner failure - catastrophic engine damage if missed (~$4k repair)

• Water pump / thermostat housing leaks (plastic)

• Carbon buildup on intake valves (direct injection)

• PCV / oil separator failure

• Suspension rattles

Check on this car before buying

• Ask: has the timing chain/tensioner been replaced? (proof = big plus)

• Ask for oil consumption history; check level

• Look for coolant leaks around water pump

• Pre-purchase inspection at a European specialist

• Budget $1-2k/year for repairs

Notes

$6,000, 140k, automatic AWD wagon, silver/black. Owned since 2023, stock, oil every 3,500 mi, new brakes, A/C cold, everything works. Honest cosmetic list (peeling bumper, fog covers missing, sun-faded clear coat).

Most thorough/credible listing. BUT 2.0T: check oil consumption, timing chain tensioner, water pump/thermostat (plastic, leaks), carbon buildup. Repairs are pricey - PPI at a European shop is a must.

Title status not stated - ask. Needs smog cert.

Vetting checklist (0/12 done)

- [ ] Checked KBB/Edmunds fair price
- [ ] Recalls checked / completed
- [ ] Clean title in seller's name
- [ ] Test drive incl. highway & hills
- [ ] No overheating; coolant clean
- [ ] Pre-purchase inspection
- [ ] VIN decoded & matches listing
- [ ] History report (Carfax/AutoCheck/NMVTIS)
- [ ] Valid smog cert (< 90 days)
- [ ] A/C cold after 15+ min
- [ ] Tires OK (tread, dry-rot, DOT date)
- [ ] Written out-the-door price

All costs and insurance figures are estimates for planning, not quotes. Confirm fees with the CA DMV, rates with insurers, and the car's condition with an independent pre-purchase inspection.
