California taxes the full price — a trade-in does not reduce sales tax. DMV fees are estimates; the CA DMV fee calculator gives exact amounts.

Budget — paying for it

Down payment	$5,000.00
Amount financed	$2,331.50
Monthly loan payment (60 mo @ 7.5% APR)	$46.72
Total interest over the loan	$471.61

Running costs without the loan: **$394/mo**. Estimated first-year cost of ownership: **$12,376** (out-the-door + inspection + 12 months of running costs + loan interest).

The repair reserve is set from the reliability rating and mileage: money to set aside, not a forecast.

Insurance

Coverage	Typical Ridgecrest range	Estimate used
Liability only (CA minimum 30/60/15)	$49–$112/mo	$70/mo
Full coverage (liability + collision + comprehensive)	$94–$243/mo	$135/mo

The budget above uses the **full coverage** estimate ($135/mo). Get real quotes and enter one in the app to replace it.

• Vehicle class: common sedan/hatch. Estimates assume an adult driver with a clean record; age, record, credit, and coverage limits change the price a lot.

• Ridgecrest is one of the cheapest places in California to insure a car (about $107–110/mo average).

• A lender will require full coverage. On an older, cheap car paid in cash, liability-only can make sense — but you'd pay for your own repairs after an at-fault accident.

• California's minimum (30/60/15) is low; $100k/$300k/$100k liability is commonly recommended.

• Ask about military/government discounts (NAWS China Lake), bundling, and low-mileage discounts.

Reliability

Rating: Good (4/5)

The 9th-gen (2012-15) Civic with the 1.8L and 5-speed automatic is one of the most dependable cheap commuters; 2012 had cheaper interior trim but no major mechanical problems.

NHTSA data for this model year: 3 recalls · 456 owner complaints (55 involving a crash). Most complaints: Air Bags (149), Steering (74), Electrical System (60), Power Train (49), Service Brakes (39), Vehicle Speed Control (38).
