

Help Brandon get back on the road

A reliable car to keep delivering in Ridgecrest

Hi, I'm Brandon. I deliver for DoorDash here in Ridgecrest, and I've worked my way up to Platinum Dasher. I'm raising money for a dependable, fuel-efficient used car so I can keep working and build my deliveries back up.

Right now I'm completing about 23 deliveries a week. A late-pickup contract violation on my account is slowing down my offers until I finish 26 more deliveries, and to climb past that I need a car I can count on every single day. With a reliable car I can work toward 40+ deliveries a week.

I've compared dozens of listings, checked reliability and recalls, and a mechanic will inspect the car before buying.

GOAL

MY COMMITMENTS

- A mechanic inspects the car before anyone pays.
- I'll keep it insured, registered and maintained, and save a repair fund every week.
- When a pickup runs late and the app offers to let me wait it out or pass the rest of the delivery without hurting my completion rate, I'll take it, so there's no repeat violation.
- I'll post updates on the GoFundMe page when the car is bought and on the road.
