## Budget — buying it

| | |
|---|---|
| Vehicle price | $1,900.00 |
| Use tax (9.25%) — paid at DMV | $175.75 |
| Vehicle license fee (0.65% of price) | $12.35 |
| Registration + CHP fee | $108.00 |
| Transportation improvement fee | $32.00 |
| Title transfer | $15.00 |
| Total out-the-door | $2,243.10 |
| + Pre-purchase inspection (you pay the shop) | $150.00 |

California taxes the full price — a trade-in does not reduce sales tax. DMV fees are estimates; the CA DMV fee calculator gives exact amounts.

## Budget — paying for it

| | |
|---|---|
| Down payment | $2,243.10 |
| Amount financed | $0.00 |
| Cash needed up front (down payment + inspection) | $2,393.10 |

Paid in full with your down payment — no loan needed.

## Budget — owning it each month

| | |
|---|---|
| Loan payment | $0.00 |
| Insurance (estimate, liability) | $70.00 |
| Fuel (1,000 mi/mo @ 29 MPG, $4.75/gal) | $163.79 |
| Maintenance & repair reserve | $130.00 |
| Registration renewal (÷12) | $13.53 |
| Total per month | $377.32 |

Running costs without the loan: **$377/mo**. Estimated first-year cost of ownership: **$6,921** (out-the-door + inspection + 12 months of running costs + loan interest).

The repair reserve is set from the reliability rating and mileage: money to set aside, not a forecast.

## Insurance

| Coverage | Typical Ridgecrest range | Estimate used |
|---|---|---|
| Liability only (CA minimum 30/60/15) | $49–$112/mo | $70/mo |
| Full coverage (liability + collision + comprehensive) | $94–$243/mo | $135/mo |

The budget above uses the **liability coverage** estimate ($70/mo). Get real quotes and enter one in the app to replace it.

• Vehicle class: common sedan/hatch. Estimates assume an adult driver with a clean record; age, record, credit, and coverage limits change the price a lot.

• Ridgecrest is one of the cheapest places in California to insure a car (about $107–110/mo average).

• A lender will require full coverage. On an older, cheap car paid in cash, liability-only can make sense — but you'd pay for your own repairs after an at-fault accident.

• California's minimum (30/60/15) is low; $100k/$300k/$100k liability is commonly recommended.

• Ask about military/government discounts (NAWS China Lake), bundling, and low-mileage discounts.

## Reliability

**Rating: Average (3/5)**

Average for this year. The 8th-gen Civic is generally durable, but 2006-09 1.8L engines are known for cracked engine blocks (avg ~83k miles, ~$2,600 fix). Honda's 10-year extended block warranty has expired. 9 recalls including Takata airbags.

NHTSA data for this model year: 9 recalls · 1,204 owner complaints (48 involving a crash). Most complaints: Suspension (246), Visibility (176), Engine (170), Air Bags (156), Power Train (104), Engine And Engine Cooling (74).

**Known issues for this model**

• Cracked engine block (1.8L R18, 2006-09) - coolant loss, overheating

• Peeling paint / clear coat (worse in desert sun)

• Premature rear tire wear (rear suspension geometry)

• A/C compressor / condenser failure

• Engine mounts

• Takata airbag inflator recalls - must be done

**Check on this car before buying**

• Coolant reservoir level; look for blue/green crust on the block below the exhaust manifold

• Ask if the block was ever replaced (records = big plus)

• A/C cold after 15 min

• Inspect rear tire inner edges

• Run VIN: Takata airbag recall completed?
