Out-the-door price	Monthly cost to own	Reliability
$11,178	**$504**	**Good**
Set a budget in the Cost Calculator tab to compare.	loan + insurance + fuel + repairs + registration	4/5 · 4 recalls · 117 NHTSA complaints

Budget — buying it

Vehicle price	$10,000.00
Use tax (9.25%) — paid at DMV	$925.00
Vehicle license fee (0.65% of price)	$65.00
Registration + CHP fee	$108.00
Transportation improvement fee	$65.00
Title transfer	$15.00
Total out-the-door	$11,178.00
+ Pre-purchase inspection (you pay the shop)	$150.00

California taxes the full price — a trade-in does not reduce sales tax. DMV fees are estimates; the CA DMV fee calculator gives exact amounts.

Budget — paying for it

Down payment	$5,000.00
Amount financed	$6,178.00
Monthly loan payment (60 mo @ 7.5% APR)	$123.79
Total interest over the loan	$1,249.67
Cash needed up front (down payment + inspection)	$5,150.00

Budget — owning it each month

Loan payment	$123.79
Insurance (estimate, full)	$135.00
Fuel (1,000 mi/mo @ 36 MPG, $4.75/gal)	$131.94
Maintenance & repair reserve	$95.00
Registration renewal (÷12)	$17.92
Total per month	$503.66

Running costs without the loan: **$380/mo**. Estimated first-year cost of ownership: **$16,314** (out-the-door + inspection + 12 months of running costs + loan interest).

The repair reserve is set from the reliability rating and mileage: money to set aside, not a forecast.

Insurance

Coverage	Typical Ridgecrest range	Estimate used
Liability only (CA minimum 30/60/15)	$49–$112/mo	$70/mo
Full coverage (liability + collision + comprehensive)	$94–$243/mo	$135/mo

The budget above uses the **full coverage** estimate ($135/mo). Get real quotes and enter one in the app to replace it.

• Vehicle class: common sedan/hatch. Estimates assume an adult driver with a clean record; age, record, credit, and coverage limits change the price a lot.

• Ridgecrest is one of the cheapest places in California to insure a car (about $107–110/mo average).

• A lender will require full coverage. On an older, cheap car paid in cash, liability-only can make sense — but you'd pay for your own repairs after an at-fault accident.

• California's minimum (30/60/15) is low; $100k/$300k/$100k liability is commonly recommended.

• Ask about military/government discounts (NAWS China Lake), bundling, and low-mileage discounts.

Reliability

Rating: Good (4/5)

Good. Late 3rd-gen Fit (2015 launch-year bugs mostly fixed). Simple non-turbo 1.5L, cheap parts. Lowest NHTSA complaint count of your shortlist. Main risk is the CVT at 112k.

NHTSA data for this model year: 4 recalls · 117 owner complaints (4 involving a crash). Most complaints: Electrical System (34), Fuel/Propulsion System (30), Engine (23), Unknown Or Other (17), Structure (12), Fuel System (11).

Known issues for this model

• CVT hesitation/whine/judder - most-reported serious issue

• Some oil consumption reports

• Starter and ignition coil failures (cheap fixes)

• A/C recharge / blower motor issues

• Recalls: fuel pump (stall), rearview camera (x2), passenger seat weight sensor/airbag (2026)

Check on this car before buying

• Ask for CVT fluid change records (should have 1-2 by 112k)

• Test drive: smooth pull from a stop, no whine or slip feeling

• Check oil level on dipstick

• A/C cold after 15 min

• Run VIN: are the 4 recalls done? (free at Honda dealer)

Notes

Automatic, black/black, gasoline. Clean title, but MONEY STILL OWED (lien) - payoff must go to the lender and title released before you get it.

Seller: well maintained; slight body damage driver side; new tires within 6 mo; recent oil change; no mechanical issues; CarPlay; collision + lane-drift sensing; 35 MPG.

Crack in driver window (seller says ~$500 local fix) - use in negotiation.

Smog passed Jul 27 - cert good 90 days, expires ~Oct 25. Buy before then or seller must re-smog.

Red flags: listing says 'turbo' but the 2018 Fit has no turbo (1.5L non-turbo) - ask. Listed 11 weeks ago -> room to negotiate. New FB account (2026).

TODO: get VIN.

RECALLS (model-level, confirm by VIN they're done - free at a Honda dealer): rearview camera may not display (23V-046 + redo 24V-384); fuel pump may fail -> stall (23V-858); passenger seat weight sensor / airbag (26V-332, May 2026 - likely still open).

Vetting checklist (0/12 done)

- [ ] Checked KBB/Edmunds fair price
- [ ] Recalls checked / completed
- [ ] Clean title in seller's name
- [ ] Test drive incl. highway & hills
- [ ] No overheating; coolant clean
- [ ] Pre-purchase inspection
- [ ] VIN decoded & matches listing
- [ ] History report (Carfax/AutoCheck/NMVTIS)
- [ ] Valid smog cert (< 90 days)
- [ ] A/C cold after 15+ min
- [ ] Tires OK (tread, dry-rot, DOT date)
- [ ] Written out-the-door price

All costs and insurance figures are estimates for planning, not quotes. Confirm fees with the CA DMV, rates with insurers, and the car's condition with an independent pre-purchase inspection.
