Budget — paying for it

Down payment	$4,880.70
Amount financed	$0.00
Cash needed up front (down payment + inspection)	$5,030.70

Paid in full with your down payment — no loan needed.

Running costs without the loan: **$318/mo**. Estimated first-year cost of ownership: **$8,848** (out-the-door + inspection + 12 months of running costs + loan interest).

The repair reserve is set from the reliability rating and mileage: money to set aside, not a forecast.

Insurance

Coverage	Typical Ridgecrest range	Estimate used
Liability only (CA minimum 30/60/15)	$49–$112/mo	$70/mo
Full coverage (liability + collision + comprehensive)	$94–$243/mo	$135/mo

The budget above uses the **liability coverage** estimate ($70/mo). Get real quotes and enter one in the app to replace it.

• Vehicle class: typical car. Estimates assume an adult driver with a clean record; age, record, credit, and coverage limits change the price a lot.

• Ridgecrest is one of the cheapest places in California to insure a car (about $107–110/mo average).

• A lender will require full coverage. On an older, cheap car paid in cash, liability-only can make sense — but you'd pay for your own repairs after an at-fault accident.

• California's minimum (30/60/15) is low; $100k/$300k/$100k liability is commonly recommended.

• Ask about military/government discounts (NAWS China Lake), bundling, and low-mileage discounts.

Reliability

Rating: Average (3/5)

Same as the 2008: an excellent design, but at 20 years old the hybrid battery and brake actuator are the big-ticket risks. Priced low enough to leave room for a battery if needed.
